Your Health Care Benefit Program

The Access to Care and Treatment (ACT) Plan

The Access to Care and Treatment (ACT) Plan serves as a baseline for the minimum scope of benefits that most health plans sold in the individual and small group markets must cover at equal or greater value.

Since the inception of the ACA, federal guidance has allowed each state the opportunity to select from 10 base-benchmark plans:

- The largest plan by enrollment in any of the three largest products by enrollment in the state's small group market;
- Any of the largest three state employee health benefit plan options by enrollment;
- Any of the largest three national Federal Employees Health Benefits Program (FEHBP) plan options by enrollment;
- The Health Maintenance Organization (HMO) plan with the largest insured commercial non-Medicaid enrollment in the state.

Absent a selection by the state, the largest small-group plan has served as the benchmark plan in the past.

For Plan Year 2020, the Centers for Medicare & Medicaid Services (CMS) is giving states greater flexibility in selecting a benchmark plan by providing three **new**, additional options. Illinois can:

- **OPTION 1:** Select an EHB-benchmark plan that another state used for the 2017 plan year;
- **OPTION 2:** Replace one or more categories of EHBs under its EHB-benchmark plan used for the 2017 plan year with the same category or categories of EHB from another state's EHB-benchmark plan for 2017; OR
- **OPTION 3: Select a set of benefits that would become the benchmark plan for Illinois subject to federal guidelines.**

The Illinois Department of Insurance (IDOI) used this opportunity to explore how it could enhance the current benchmark plan benefits. The IDOI is utilizing Option 3 above and has selected the following set of benefits as the Illinois benchmark plan, subject to Federal guidelines.

Infertility means the inability to conceive a child after one year of unprotected sexual intercourse or the inability to sustain a successful pregnancy. The one year requirement will be waived if your Physician determines that a medical condition exists that makes conception impossible through unprotected sexual intercourse including, but not limited to, congenital absence of the uterus or ovaries, absence of the uterus or ovaries due to surgical removal due to a medical condition, or involuntary sterilization due to Chemotherapy or radiation treatments; or, efforts to conceive as a result of one year of medically based and supervised methods of conception, including artificial insemination, have failed and are not likely to lead to a successful pregnancy.

Unprotected sexual intercourse means sexual union between a male and female without the use of any process, device or method that prevents conception including, but not limited to, oral contraceptives, chemicals, physical or barrier contraceptives, natural abstinence or voluntary permanent surgical procedures and includes appropriate measures to ensure the health and safety of sexual partners.

Benefits for treatments that include oocyte retrievals will be provided only when:

- You have been unable to attain or sustain a successful pregnancy through reasonable, less costly, medically appropriate infertility treatments; however, this requirement will be waived if you or your partner has a medical condition that makes such treatment useless; and
- You have not undergone four completed oocyte retrievals, except that if a live birth followed a completed oocyte retrieval, two more completed oocyte retrievals shall be covered.

Benefits will also be provided for medical expenses of an oocyte or sperm donor for procedures used to retrieve oocytes or sperm and the subsequent procedure to transfer the oocytes or sperm to you. Associated donor medical expenses are also covered, including, but not limited to, physical examinations, laboratory screenings, psychological screenings and prescription drugs.

The maximum number of completed oocyte retrievals that are eligible for coverage under this Certificate in your lifetime is six. Following the final completed oocyte retrieval, benefits will be provided for one subsequent procedure to transfer the oocytes or sperm to you. Thereafter, you will have no benefits for infertility treatment.

Benefits will not be provided for the following:

1. Services or supplies rendered to a surrogate, except that costs for procedures to obtain eggs, sperm or embryos from you will be covered if you choose to use a surrogate.
2. Selected termination of an embryo; provided, however, termination will be covered where the mother's life would be in danger if all embryos were carried to full term.
3. Expenses incurred for cryo-preservation or storage of sperm, eggs or embryos, except for those procedures which use a cryo-preserved substance.
4. Non-medical costs of an egg or sperm donor.
5. Travel costs for travel within 100 miles of your home or travel costs not Medically Necessary
6. Infertility treatments which are deemed Investigational, in writing, by the American Society for Reproductive Medicine or the American College of Obstetricians or Gynecologists.
7. Infertility treatment rendered to your dependents under age 18.

In addition to the above provisions, in-vitro fertilization, gamete intrafallopian tube transfer, zygote intrafallopian tube transfer, low tubal ovum transfer and intracytoplasmic sperm injection procedures must be performed at medical facilities that conform to the American College of Obstetricians and Gynecologists guidelines for in-vitro fertilization clinics or to the American Society for Reproductive Medicine minimal standards for programs of in-vitro fertilization.

TEMPOROMANDIBULAR JOINT DYSFUNCTION AND RELATED DISORDERS

Benefits for all the Covered Services previously described in your Certificate are available for the diagnosis and treatment of Temporomandibular Joint Dysfunction and Related Disorders.

ROUTINE MAMMOGRAMS

Benefits will be provided for routine mammograms for all women. A routine mammogram is an x-ray or digital examination of the breast for the presence of breast cancer, even if no symptoms are present. Benefits for routine mammograms will be provided as follows:

- one baseline mammogram
- an annual mammogram

Benefits for routine mammograms will be provided for women who have a family history of breast cancer, prior personal history of breast cancer, positive genetic testing or other risk factors at least every year for women ages 40 and over or at the age and intervals considered medically necessary by their Physician.

If a routine mammogram reveals heterogeneous or dense breast tissue, benefits will be provided for a comprehensive ultrasound screening of an entire breast or breasts, when determined to be medically necessary by your Physician.

Benefit Maximum

Benefits for routine mammograms will not be subject to any benefit period maximum or lifetime maximum.

MASTECTOMY-RELATED SERVICES

Benefits for Covered Services related to mastectomies are the same as for any other condition. Mastectomy-related Covered Services include, but are not limited to:

1. Reconstruction of the breast on which the mastectomy has been performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. Inpatient care following a mastectomy for the length of time determined by your attending Physician to be medically necessary and in accordance with protocols and guidelines based on sound scientific

evidence and patient evaluation and a follow-up Physician office visit or in-home nurse visit within 48 hours after discharge; and

4. Prostheses and physical complications of all stages of the mastectomy including, but not limited to, lymphedemas.
5. The removal of breast implants when the removal of the implants is a Medically Necessary treatment for a sickness or injury. Surgery performed for removal of breast implants that were implanted solely for cosmetic reasons are not covered. Cosmetic changes performed as reconstruction resulting from sickness or injury is not considered cosmetic surgery.

EXTENSION OF BENEFITS IN CASE OF TERMINATION

If you are an Inpatient at the time your coverage under your Certificate is terminated, benefits will be provided for, and limited to, the Covered Services of this Certificate which are rendered by and regularly charged by a Hospital, Skilled Nursing Facility, Substance Use Disorder Treatment Facility, Partial Hospitalization Treatment Program or Coordinated Home Care Program. Benefits will be provided until you are discharged or until the end of your benefit period, whichever occurs first.

PEDIATRIC VISION COVERAGE

Coverage for *Pediatric Vision Care* is made part of, and is in addition to any information you may have in your Certificate. Coverage for *Pediatric Vision Care* provides information about coverage for the routine vision care services outlined below, which are specifically excluded under your medical/surgical health care plan. **(Services that are covered under your medical/surgical Certificate are not covered under this *Pediatric Vision Care* benefit.) All provisions in the medical Certificate apply to coverage for *Pediatric Vision Care* unless specifically indicated otherwise below.**

Definitions

Benefit Period – For purposes of *Pediatric Vision Care*, a period of time that begins on the later of:

- 1) the member's effective date of coverage, or
- 2) the last date a vision examination was performed on the member or that Vision Materials were provided to the member, whichever is applicable. (A benefit period does not coincide with a calendar year and may differ for each covered member of a group or family.)

Pediatric Frame Collection – A collection of frames that are covered under the *Pediatric Vision Care* benefit which includes adult sizes for members up to age 19.

Provider – For purposes of *Pediatric Vision Care*, a licensed ophthalmologist or optometrist operating within the scope of his or her license, or a dispensing optician.

Vision Materials – Corrective lenses and/or frames or contact lenses.

Eligibility

Children who are covered under a medical/surgical plan, through age 19, are eligible for coverage for *Pediatric Vision Care*. NOTE: Once coverage is lost under the medical/surgical plan, all benefits cease for *Pediatric Vision Care*. Extension of benefits due to disability, state or federal continuation coverage, and conversion option privileges are **not** available for *Pediatric Vision Care*.

Limitations and Exclusions

In addition to the general limitations and exclusions listed in your medical/surgical certificate, *Pediatric Vision Care* does not cover services or materials connected with or charges arising from:

- Any vision service, treatment or materials not specifically listed as a covered service;
- Services and materials that are experimental or investigational;

Services or materials which are rendered prior to your effective date;

Services and materials incurred after the termination date of your coverage unless otherwise indicated;

Services and materials not meeting accepted standards of optometric practice;

Services and materials resulting from your failure to comply with professionally prescribed treatment;

Telephone consultations;

Any charges for failure to keep a scheduled appointment;

Any services that are strictly cosmetic in nature including, but not limited to, charges for personalization or characterization of prosthetic appliances;

Services or materials provided as a result of intentionally self-inflicted injury or illness;

Services or materials provided as a result of injuries suffered while committing or attempting to commit a felony, engaging in an illegal occupation, or participating in a riot, rebellion or insurrection;

Office infection control charges;

Charges for copies of your records, charts, or any costs associated with forwarding/ mailing copies of your records or charts;

State or territorial taxes on vision services performed;

Medical treatment of eye disease or injury;

Visual therapy;

Special lens designs or coatings other than those described in this brochure;

Replacement of lost/ stolen eyewear;

Non-prescription (Plano) lenses;

Insurance of contact lenses;

Professional services you receive from immediate relatives or household members, such as a spouse, parent, child, brother or sister, by blood, marriage or adoption.

HOSPICE CARE PROGRAM

Your Hospital coverage also includes benefits for Hospice Care Program Service.

Benefits will be provided for the Hospice Care Program Service described below when these services are rendered to you by a Hospice Care Program Provider. However, for benefits to be available you must have a terminal illness with a life expectancy of one year or less, as certified by your attending Physician, and you will no longer benefit from standard medical care or have chosen to receive hospice care rather than standard care. Also, a family member or friend should be available to provide custodial type care between visits from Hospice Care Program Providers if hospice is being provided in the home.

The following services are covered under the Hospice Care Program:

1. Coordinated Home Care;
2. Medical supplies and dressings;
3. Medication;
4. Nursing Services- Skilled and non-Skilled;
5. Occupational Therapy;
6. Pain management services;
7. Physical Therapy;
8. Physician visits;
9. Social and spiritual services;
10. Respite Care Service.

The following services are **not** covered under the Hospice Care Program:

1. Durable medical equipment;
2. Home delivered meals;
3. Homemaker services;
4. Traditional medical services provided for the direct care of the terminal illness, disease or condition;
5. Transportation, including, but not limited to, Ambulance Transportation.

Notwithstanding the above, there may be clinical situations when short episodes of traditional care would be appropriate even when the patient remains in the hospice setting. While these traditional services are not eligible under this Hospice Care Program section, they may be Covered Services under other sections of this Certificate.

Benefit Payment for Hospice Care Program Services

Benefit payment for Covered Services rendered by a Hospice Care Program Provider will be provided at the same level as described for Inpatient Hospital Covered Services.

OUTPATIENT PRESCRIPTION DRUG PROGRAM BENEFIT SECTION

When you are being treated for an illness or accident, your Physician may prescribe certain drugs or medicines as part of your treatment. Your coverage includes benefits for drugs and supplies which are self-administered. This Benefit Section of your Certificate explains which drugs and supplies are covered and the benefits that are available for them. Benefits will be provided only if such drugs and supplies are Medically Necessary.

The benefits of this section are subject to all the terms and conditions of your Certificate. Please refer to the DEFINITIONS, ELIGIBILITY and EXCLUSIONS sections of this Certificate for additional information regarding any limitations and/or special conditions pertaining to your benefits.

NOTE: The use of an adjective such as Participating or Specialty in modifying a Pharmacy shall in no way be construed as a recommendation, referral or any other statement as to the ability or quality of such Pharmacy. In addition, the omission, non-use or non-designation of Participating or any similar modifier or the use of a term such as Non-Participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such Pharmacy.

For purposes of this Benefit Section only, the following definitions shall apply:

AVERAGE WHOLESALE PRICE.....means any one of the recognized published averages of the prices charged by wholesalers in the United States for the drug products they sell to a Pharmacy.

BRAND NAME DRUG.....means a drug or product manufactured by a single manufacturer as defined by a nationally recognized provider of drug product database information. There may be some cases where two manufacturers will produce the same product under one license, known as a co-licensed product, which would also be considered as a Brand Name Drug. There may also be situations where a drug's classification changes from Generic to Formulary or Non-Formulary Brand Name due to a change in the market resulting in the Generic Drug being a single source, or the drug product database information changing, which would also result in a corresponding change to your payment obligations from Generic to Formulary or Non-Formulary Brand Name.

COINSURANCE AMOUNT.....means the percentage amount paid by you for each Prescription Order filled or refilled through a Participating Pharmacy or Non-Participating Pharmacy.

COMPOUND DRUGS.....means those drugs or inert ingredients that have been measured and mixed with United States Food and Drug Administration (FDA)-approved pharmaceutical ingredients by a pharmacist to produce a unique formulation that is Medically Necessary because commercial products either do not exist or do not exist in the correct dosage, size, or form.

COPAYMENT AMOUNT.....means the dollar amount paid by you for each Prescription Order filled or refilled through a Participating Pharmacy or Non-Participating Pharmacy.

COVERED DRUGS.....means any Legend Drug (except insulin, insulin analogs, insulin pens, and prescriptive and non-prescriptive oral agents for controlling blood sugar levels, including disposable syringes and needles needed for self-administration):

- (i) Which is Medically Necessary and is ordered by a Health Care Practitioner naming you as the recipient;
- (ii) For which a written or verbal Prescription Order is provided by a Health Care Practitioner;
- (iii) For which a separate charge is customarily made;
- (iv) Which is not entirely consumed or administered at the time and place that the Prescription Order is written;
- (v) For which the FDA has given approval for at least one indication; and

- (vi) Which is dispensed by a Pharmacy and is received by you while covered under this Benefit Section, **except when** received from a Provider's office, or during confinement while a patient in a Hospital or other acute care institution or facility (refer to the EXCLUSIONS provision later in this Benefit Section).

FORMULARY BRAND NAME DRUG.....means a brand name prescription drug product that is identified on the *Formulary Drug List* and is subject to the Formulary Brand Name Drug payment level.

GENERIC DRUG.....means a drug that has the same active ingredient as a Brand Name Drug and is allowed to be produced after the Brand Name Drug's patent has expired.

LEGEND DRUGS.....means drugs, biologicals, or compounded prescriptions which are required by law to have a label stating "Caution — Federal Law Prohibits Dispensing Without a Prescription," and which are approved by the FDA for a particular use or purpose.

MAINTENANCE DRUGS.....means drugs prescribed for chronic conditions and are taken on a regular basis to treat conditions such as high cholesterol, high blood pressure, or asthma.

NATIONAL DRUG CODE (NDC).....means a national classification system for the identification of drugs.

NON-FORMULARY BRAND NAME DRUG.....means a Brand Name Drug which does not appear on the *Formulary Drug List* and is subject to the Non-Formulary Brand Name Drug payment level.

PHARMACY.....means a state and federally licensed establishment where the practice of pharmacy occurs, that is physically separate and apart from any Provider's office, and where Legend Drugs and devices are dispensed under Prescription Orders to the general public by a pharmacist licensed to dispense such drugs and devices under the laws of the state in which he practices.

PRESCRIPTION ORDER.....means a written or verbal order from a Health Care Practitioner to a pharmacist for a drug to be dispensed. Orders written by a Health Care Practitioner located outside the United States to be dispensed in the United States are not covered under this Benefit Section.

SPECIALTY DRUGS.....means prescription drugs generally prescribed for use in limited patient populations or diseases. These drugs are typically injected, but may also include drugs that are high cost oral medications and/or that have special storage requirements. In addition, patient support and/or education may be required for these drugs. The list of Specialty Drugs is subject to change. To determine which drugs are Specialty Drugs, you should contact your Pharmacy.

ABOUT YOUR BENEFITS

Formulary Drug List

Formulary drugs are regulated by the FDA, selected and displayed per your certificate. Some of the factors evaluated when certificates select the formulary drugs include each drug's safety, effectiveness, cost and how it compares with drugs currently on the formulary.

Most certificates consider drugs that are newly approved by the FDA, as well as those that have been on the market for some time. Entire drug classes are also regularly reviewed. Changes to this list can be made from time to time.

The Formulary Drug List included is an example list of drugs in each category and class. Issuer plans are required to include at least the same number of drugs in each category and class as represented in the Formulary Drug List.

Prior Authorization/Step Therapy Requirement

When certain medications and drug classes, such as medications used to treat rheumatoid arthritis, growth hormone deficiency, hepatitis C, and more serious forms of anemia, hypertension, epilepsy, and psoriasis are prescribed, your Physician may be required to obtain authorization for your medication to be eligible for benefits under your Certificate. Medications included in this program are subject to change and other medications for other conditions may be added to the program. A documented treatment with a generic or brand therapeutic alternative medication may be required for continued coverage of the brand name medication.

Dispensing Limits

If a Prescription Order that is not an opioid prescription, is written for a certain quantity of medication to be taken in a time period directed by a Health Care Practitioner, coverage will only be provided for a clinically appropriate pre-determined maximum quantity of medication for the specified amount of time. Short-term opioid prescriptions for acute pain will be provided for no more than 7 days. Dispensing limits are based upon FDA dosing recommendations and nationally recognized clinical guidelines.

COVERED SERVICES

Benefits for Medically Necessary Covered Drugs prescribed to treat you for a chronic, disabling, or life-threatening illness are available if the drug:

1. Has been approved by the FDA for at least one indication; and
2. Is recognized by the following for treatment of the indication for which the drug is prescribed:
 - a. a prescription drug reference compendium approved by the Department of Insurance, or
 - b. substantially accepted peer-reviewed medical literature.

As new drugs are approved by the FDA, such drugs, unless the intended use is specifically excluded in this Benefit Section, are eligible for benefits. Some equivalent drugs are manufactured under multiple brand names.

Injectable Drugs

Benefits are available for Medically Necessary injectable drugs which are self-administered that require a written prescription by federal law. Benefits will not be provided for any self-administered drugs dispensed by a Physician.

Immunosuppressant Drugs

Benefits are available for Medically Necessary immunosuppressant drugs with a written prescription after an approved Human Organ Transplant.

Fertility Drugs

Benefits are available for Medically Necessary fertility drugs in connection with the diagnosis and/or treatment of infertility with a written prescription.

Diabetic Supplies for Treatment of Diabetes

Benefits are available for Medically Necessary items of diabetic supplies for which a Health Care Practitioner has written an order. Such diabetes supplies shall include, but are not limited to, the following:

- x Test strips specified for use with a corresponding blood glucose monitor
- S Glucose test solutions
- S Glucagon
- S Glucose tablets
- x Lancets and lancet devices
- x Visual reading strips and urine testing strips and tablets which test for glucose, ketones, and protein
- x Insulin and insulin analog preparations

- x Injection aids, including devices used to assist with insulin injection and needleless systems
- x Insulin syringes
- x Prescriptive and non-prescriptive oral agents for controlling blood sugar levels
- x Glucagon emergency kits

Vaccinations

Benefits for vaccinations that are considered preventive care services will not be subject to any deductible, Coinsurance, Copayment or dollar maximum when such services are received in compliance with your certificate.

Self-Administered Cancer Medications

Benefits will be provided for self-administered cancer medications, including pain medication.

Breast Cancer Pain Medication and Therapy — Benefits will be provided for all Medically Necessary pain medication related to the treatment of breast cancer. Benefits will also be provided for all Medically Necessary pain therapy related to the treatment of breast cancer under the PHYSICIAN BENEFIT SECTION of this policy.

Cancer Medications

Benefits will be provided for orally administered cancer medications, intravenously administered cancer medications or injected cancer medications that are used to kill or slow the growth of cancerous cells. Your Copayment Amount or Coinsurance Amount or deductible will not apply to orally administered cancer medications.

Opioids

Benefits will be provided for at least one intranasal opioid reversal agent prescription for initial prescriptions of opioids with dosages of 50 MME or higher.

Acute and Chronic Pain

Benefits will be provided for topical anti-inflammatory medication including, but not limited to, Ketoprofen, Diclofenac, or another brand equivalent approved by the FDA for acute and chronic pain.

PRESCRIPTION DRUG EXCLUSIONS

For purposes of this Benefit Section only, the following exclusions shall apply:

1.
